ALEXANDER BELIEVES HE WILL WIN RACE

Raymond Alexander is making a vigorous campaign for the elimination of party politics from the office of county superintendent. His announcement has been made formally and has found much encouragement. He says he finds the people already believing in his cause, and those especially interested in education enthusiastic.

Mr. Alexander, who has been locally known for fifteen years as "Ray" Alexander, possessing as he does the unique equipment of both normal and university training, and just entering the prime of life, will unquestionably make a strong candidate. His friends responsible for his running declare that the county's rural schools demand a man of just his type for their progress at this time.

MINE FIRE NOW UNDER CONTROL

(Special to The Republican)
MORON, Sept. 28.—Employees of the Arizona Copper Company, engaged in fighting the fire which has been raging in the Clay mine here since Sunday morning, had succeeded tonight in bringing the flames under control. This does not mean that the fire has been extinguished, but the danger of spreading has been eliminated. It will probably be several days before entrance to the mine will be possible.

Despite the fact that hundreds of miners have been engaged in combating the flames since Sunday, but one accident has occurred, and wherein one of the men was nearly suffocated. He was brought out unconscious and revived with the aid of oxygen. All efforts to determine the cause of the fire have proved fruitless.

ALL THE CODE IN THESE OFFICES

The National Hughes Alliance, Arizona headquarters, has one day's work behind it and it was a day of achievement, even though most of the time was devoted to properly equipping the office at No. 18 North First avenue, Fleming building, ground floor, quarters recently vacated by the Phoenix Title and Trust company. The sign is on the window and the doors are open. The special attention of the reader is called to the location, for it is one political headquarters that all may drop into without fear of invading party privacy or intruding an unwelcome presence. It is felt that Mr. Hughes is destined to be everybody's president and the chief mission of the Hughes Alliance is to give everybody a chance to vote for him.

The word "man" is used in a generic sense by the Hughes Alliance. It means women as much as men and no foolish questions are asked as to the particular sort of politics which both which the voter was brought up to maturity. The vital question of the hour is the election of Charles Evans Hughes to the presidency, and there is more joy over one democratic vote for Hughes brought into the fold, than over the ninety and nine that are already sure. However, identification with this work demands no severance of political ties or affiliations with other than republican organizations. A world of republicans have done good services in other years by voting for the better of two democrats and at this time, when the country's needs are paramount to partisanship, a return of the courtesy will be greatly appreciated.

There are a great many reasons why it is desired that every person, man or woman, who intends to vote for Hughes should register as a member of the Alliance, a step that costs nothing and will help along the cause. No publicity will be given to the membership lists, such information being solely for the use of the organization and to aid it in getting the voters to the polls, so there need be no hesitancy on that score.

There is an erroneous impression in some quarters to the effect that the Woman's Republican Club and the Hughes Alliance are identical. They are two entirely separate organizations. The Woman's Republican Club holds weekly meetings and is doing a splendid work in studying the problems of the day and how to solve them. The Hughes Alliance, on the other hand, invites the membership of both men and women, and not only those who are admittedly republican, but all who will agree to vote for Mr. Hughes. Therefore women who are members of the Phoenix Republican Club and the Woman's Republican Club are also urged to join the Hughes Alliance. Headquarters are open from 8 a. m. to 5 p. m. and any and every day.

There will be no charge for the application blank (which costs nothing), but to "drop in" at any time, for the purpose of getting a blank, from time to time and suggestions from any and everyone in sympathy with the movement, are invited.

LEO WEAVER TAKES OVER VICTROLA DEPT.

Leo E. Weaver, formerly in charge of the Victor department of the Redewill Music company of Honolulu, has just joined the forces of the Redewill Music company and will have entire charge of this well known firm's talking machine department. It was largely through the influence of Mr. Weaver that all the beautiful Hawaiian records are on the market in the United States. This gentleman, who was a past master in knowledge in Hawaiian music of all forms, just returned from a trip east where he conducted sixteen native singers to the plant of the Victor company, and he states that before long a new list of hitherto unknown melodies of the deep sea isles will be placed on the market.

Mr. Weaver has located in Phoenix permanently and is bringing his family to Phoenix, and his knowledge of all forms of music together with his ability as a brilliant pianist, will undoubtedly make him a popular factor in musical circles and help to promote the work of the "Firm That Made Arizona Musical."

LUTHERAN LADIES HOLD SEWING BEE AT PARK

The ladies of Grace Evangelical Lutheran church held another interesting and entertaining sewing bee at Eastlake park yesterday afternoon and evening. The committee who has the business and matter in hand looking to the accumulation of money enough to acquire ground and build a new church, are meeting with much marked and favorable success, and it is highly probable that by the middle of the winter means sufficient to accomplish these ends will be fully or partly met. On the occasions of the meeting of the sewing circles all manner of women's and children's clothes are made out of new and substantial merchandise selected and purchased directly from the stores. These dresses and sewing circles are attended only by the ladies and they are exclusively sewing bees and nothing like a rollicking and jovial picnic, where there are potato races, sack races and kindred elements of sport. Yes, too, there was one man present yesterday but was not affiliated to a marked degree with the society, only observing the busy fingers of sewing and the rip of the scissors wielded through the great pile of merchandise stretched out on one of the park dining tables as they sat and busied themselves with the work and pleased faces. The man remarked to them as he stood and wondered with admiration at the pleasant scene before him that if these would manufacture gentlemen's neckties and scarves that they would doubtless go off like cider and ginger bread at an election. The proposition is pending advisement and consideration.

Again, as on the Thursday before, the number of ladies present was abnormally and not so large a crowd was present as on the occasion of last week.

COL. MARTIN LIKED HIS PHOENIX VISIT

The reception which Phoenix tendered the battalion of the Eighteenth Infantry which bivouacked in Phoenix for one night last week, was deeply appreciated by both the men and officers of that organization. Although both Col. Martin and his men expressed their verbal thanks to Phoenix at the time they were here, the following letter received at the chamber of commerce is an indication of just what they think of this city.

"Certainly no one could have received a more warm welcome than that accorded our little command on its recent visit to your delightful city. All look back on it with most pleasant recollections, and in their behalf I want to thank you, and through you, the chamber of commerce, the Red Cross, the Y. M. C. A., the Columbia theater management especially for their kindness."

"We returned here on Sunday after having made a trip of 665 miles without accident to men or trucks while on the march."

"And with recollections of most courteous treatment on every hand, and again thanking you, I am,

Very Respectfully,
(Signed) C. H. MARTIN
Lt. Colonel, Infantry Comdg."

RECOUNT MONDAY—The recount of the contested precincts for county attorney will be made Monday according to the statement made last evening by Judge Stanford. As yet a third inspector has not been named by L. M. Laney, who failed to appoint an inspector on Wednesday when the court named Lysander Cassidy and A. H. Davidson, the contestant named George Purdy Ballard. Mr. Laney then appeared in court yesterday and announced that he had been unable to secure an inspector. If he fails to find any one willing to act in this capacity, it is understood that the court will make the appointment.

A second charge of wilfully permitting immoral acts in rooms under his control was dismissed. Carr conducts a pool hall at Second and Madison streets.

A VISITING AUTHOR—A letter to The Republican from James Willard Schultz, of Greer, Apache county, says that Stewart Edward White, the well known short story writer, with his wife, had arrived there for a month's hunting of the grizzlies with Mr. Schultz. Arrangements had been made also for the visit to the White mountains of Mary Roberts Rhinehart, but matters had intervened to prevent her visit to the mountains this year.
